INTRODUCING MODERN PAPER

The team at Modern Paper bring decades of international experience in the professional hygiene and tissue paper conversion business.

Fast paced logistics

Our state-of-the-art, fully equipped hub is centrally located to the East of London. Fast links throughout the Capital and direct onto the UK's network of motorways means we can deliver to retailers and venues on schedule.

This 4.5 acre facility is equipped with two brand new converting lines which are capable of producing 20k tonnes of paper product per annum.

Serious about the environment

Modern Paper are committed to minimising our environmental footprint and meeting key social responsibilities. Our products are fully recyclable and we ensure that our partners are equally focused on high standards of stewardship.

Quality is in our fibre

The products and services offered by Modern Paper are driven by high quality and efficiency. We never underestimate the importance of prompt delivery and competitive pricing – the ability to service our customers binds our entire team.

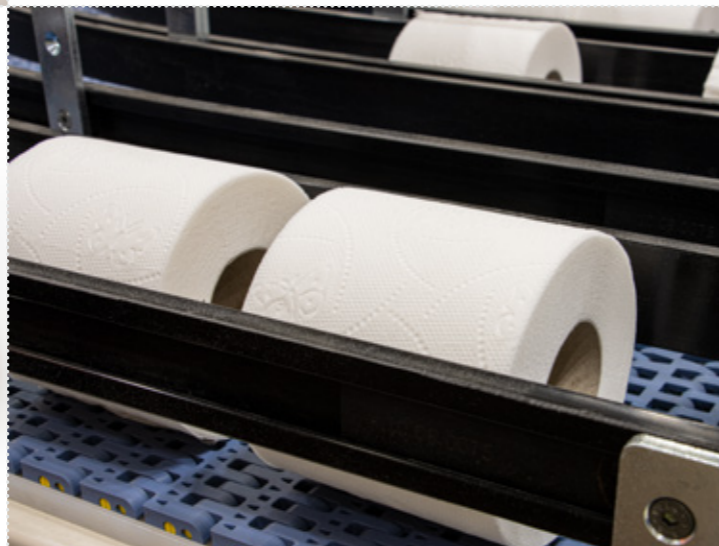

The MP difference

With such a fresh, new production line, Modern Paper have the flexibility to switch products in quick-time. We can offer private label lines with bespoke embossing and sensory branding options.

Reaching customers

We serve the consumer market with toilet rolls and kitchen towels via cash-and-carry outlets and other retailers.

Our away-from-home products cover centre feeds, mini and standard jumbos and wiping rolls. Ask us about our dispenser options and refill/refresh service contracts.
